All applications for building permits shall be accompanied by a plot plan, submitted in two copies, drawn to scale, showing the size and location of the building to be constructed, indicating the setbacks from perimeter property boundary lines, proposed off-street parking, and such other information as may be necessary.

No work shall start before the issuance of the necessary permit(s). Application can be mailed or dropped of at 410 N Marr St. Pocahontas, Arkansas 72455 or emailed to *codeenforce@cityofpocahontas.com* Once permit is ready for issue a call will be placed to the contractor. If permit covers multiple trades, the General Contractor will be called.

If you prefer notice by email, provide your email address.
